A PRIMER ON CONTACTLESS CARDS AND READERS FOR ELECTRONIC ACCESS CONTROL SYSTEMS

By Scott Lindley
President, Farpointe Data, Inc.

As seen on *[Brilliance Security Magazine](#)*

More and more, companies that formerly used only keys are now asking about keyless or electronic access control (EAC). Whether called badges, tokens, fobs or cards, they limit access to a facility to only those who possess one of these credentials. Today, countless companies are taking this a step further.

IFSEC 2016 In Review

A Post-Show Report by Stephen "Shep" Sheppard
Key Accounts Sales Manager

[Download vCard](#)

2016's IFSEC International, Europe's largest security exhibition, welcomed over 33,000 global security professionals to experience the latest technological innovations and to hear from industry leaders within the security industry. The exhibition venue was the ExCel London, the UK's premier conference center.
