

THE **READER**

News for the Access Control Professional

NOVEMBER 2016

ISC East is coming up Nov 16-17. Visit us at booth #537.

NEW MULLION 2-FACTOR KEYPAD/ READER INSTALLED AT MORRISTOWN (VT.) FIRE AND EMS BUILDING

**Cameras Networking and Security of Vermont (CNSVT) Prefers Easier Installation
of Mullion Size for Proximity/Keypad Access Control**

Farpointe's new P-620 mullion-sized combination proximity/keypad reader made installation much easier for Cameras Networking and Security of Vermont (CNSVT) of Barre, Vt., at the Morristown Fire and EMS building, also in Vermont. The mullion keypad reader mounts directly to a standard North American sized wall switch box or any flat surface. It features an eight-inch proximity card read range for increased convenience while the user enters a PIN on the keyboard.

Pyramid Series Proximity®

By **Scott Lindley**
President, Farpointe Data

Pyramid Series is Farpointe Data's line of 125-kHz proximity readers and credentials, and according to Dave Owen from S3 Integration, "a benchmark technology for electronic access control."

OEM system manufacturers—Farpointe's partners—appreciate the line's superior read performance, range of flexible security options including custom formats and MAXSecure™, and dependable lead times.

Integrators and installing dealers have come to count on the easy-to-install single-piece designs, broad support of many of the industry's most popular protocols, as well as the backing of Farpointe's lifetime warranty.

Product Spotlight: PSK-3 Proximity Key Ring Tag

Are your customers in need of a small key ring type access credential? Farpointe's iconic model PSK-3 Key Ring Tag may be your solution. Fully potted, it is a small, waterproof proximity tag that's easy to carry on a key ring. It's designed with a reinforced brass eyelet, is backed by a lifetime warranty, and supports a range of permanent marking options. Additionally, it can be encoded to support many existing legacy protocols, and may include higher security functionality such as MAXSecure™.
