News for the Access Control Professional

FARPOINTE SECURES STRONG INTEREST AT ISC WEST 2017

Held at the Sands Convention Center in Las Vegas, ISC West is the largest security tradeshow in the U.S., and is the perfect venue to highlight Farpointe's RFID-based OEM offerings for electronic access control.

Members of Farpointe's executive, sales, customer support, engineering and marketing teams were on-hand to demonstrate Farpointe's full line of RFID access control readers and credentials:

- **Pyramid Series Proximity® 125-kHz Readers & Credentials**
  A fusion of excellent read range, lightning speed and easy installation
- **Delta® 13.56-MHz Contactless Smartcard Readers & Credentials**
  An added layer of protection for security-sensitive applications
- **Ranger® 433-MHz Long-Range Receivers & Transmitters**
  Long-range access at the click of a button
- **Vandal- and Bullet-Resistant Rugged Readers**
  Maintain access control security even in extreme conditions

Farpointe Raises a Glass to Physical Access Control

On Thursday, April 6th from 3 to 5 PM, electronic access control professionals and security industry experts alike were welcomed to the Farpointe booth for the **6th Annual Friends of Farpointe**. Today, Friends of Farpointe is a must-attend access control networking event where industry leaders discuss trends and innovations, and take the opportunity to learn more about Farpointe's RFID-based electronic access control offerings.

We are honored to host our industry. Thank you to everyone who attended!

PROVIDING ACCESS

Integrator collaborator creates major healthcare security solution

By Scott Lindley
President, Farpointe Data, Inc.

As seen on **SecurityToday.com**

A Michigan based health care provider that features two main campuses and has dozens of remote and satellite care centers had, for years, deployed a magnetic stripe card-based Galaxy Control Systems access control system integrated, installed and serviced by VidCom Solutions in Lansing. The system included both ID badging and video integration.

Product Spotlight: Farpointe's High-Performance Proximity Readers

Have a site requiring the added convenience of longer read range?

- Senior care;
- Parking;
- Hospitals;
- Turnstiles;
- Airports.

With longer read ranges of up to 15 inches and 20 inches (378mm and 504mm) respectively, the high-performance P-710 and P-900 125-kHz proximity readers are backed by Farpointe's lifetime warranty and feature generous credential presentation targets.
